CELEBRATION

Class of  
**2024**

MELBOURNE  
BUSINESS  
SCHOOL

## Message from the Dean

### **On behalf of the entire institution, I would like to congratulate you on graduating from Melbourne Business School.**

Earning a qualification from Australia's leading business school takes dedication and perseverance, and you should feel an immense sense of pride to be standing here today. I strongly believe that curiosity and a desire to learn are critical attributes for any leader. These are the very qualities that brought you to Melbourne Business School and sustained you through the program, so hold onto them! They will continue to bring you success in every role you take on.

We are entering an era where organisations, and the world at large, have to adapt to a set of emerging challenges: climate change, the biodiversity crisis, a greater need for social and economic inclusion and a working world being revolutionised by artificial intelligence. Every generation has had to adapt. Every generation has needed smart, well-grounded and sophisticated leaders who have courage and can turn good ideas into action. In the education you've received here at Melbourne Business School, we've equipped you to be one of those leaders.

Now that you have graduated, you join our alumni community and you will always belong to the Melbourne Business School. Please stay connected with us and with each other!

We would love to see you return and join us for an oration, an alumni event or reunion, to share your story with future students or to continue your educational journey with a refresher program.

We are proud of you and what you've achieved. Whether you choose to use your new skills to advance your current career or try something entirely new, we will be cheering you on and wishing you every success.

**PROFESSOR JENNY GEORGE**

**Damien Gance, Director of Chemist Warehouse, has transformed the retail pharmacy industry with over two decades of experience.**

After earning his Bachelor of Pharmacy in 1997, Damien began his career as a Managing Pharmacist at My Chemist Chadstone. Over the next five years, Damien refined the business model and expanded the franchise, leading to a rebranding as Chemist Warehouse. By 2008, the company

had opened 100 stores nationwide, and by 2010, group retail turnover exceeded \$1 billion. The growth continued with the 200<sup>th</sup> store opening in 2011 and turnover surpassing \$5 billion by 2019.

Congratulations to the graduating SEMBA 2024 cohort! **Together, we navigated the intricacies of operations strategy, process analysis, and supply chain management, and yes, even tackled an exciting simulation game—where some of you revealed your hidden talents as logistics masterminds (and perhaps others as chaos enthusiasts!).**

Beyond the theories and games, I hope these lessons have shaped you into well-rounded business leaders who truly appreciate the strategic importance of operations for organisational success. As you step forward into senior leadership roles, leverage these insights to drive meaningful impact and lead your organisations with strategic vision and confidence. Wishing you all the very best in your future endeavours—may your processes always be efficient, your bottlenecks minimal, and your outcomes exceptional!

“

It has been a privilege to be **part of your MBS journey.**

I extend my congratulations to each of you on this remarkable achievement. Thank you for placing your trust in us, and I encourage you to stay connected with the school and its community. Best wishes for your future endeavours, and I look forward to hearing from you.
